

Is your fluency cloudy or clear?				
	My fluency is cloudy.	My fluency is partly cloudy.	My fluency is clear.	My fluency is sunny.
Expression	My voice is quiet and does not change.	I can change my voice, but it doesn't fit with the meaning of the text.	I sound like I am talking to a friend. My voice changes to fit the meaning of the text.	I sound like I am talking to a friend. My voice changes to add meaning to the text.
Phrasing	I read each word by itself.	I can group two or three words together but the groups don't always have meaning.	I can group words together in phrases that make sense. Sometimes I pause for a breath, but there is meaning.	I can group words together in phrases that make sense. I use phrasing to add meaning to the text.
Smoothness	I sound very choppy. I hesitate, sound out words and repeat words.	I sound somewhat choppy. There are several 'rough spots' as I read.	I am smooth. Sometimes I have trouble with a certain word but I can keep going.	I am very smooth. If I make a mistake, I can correct it quickly.
Pace	I read very slowly or very fast.	I read some parts too slow or too fast.	My speed is just right. I can mix slower and faster reading.	My speed is just right. I know just where to slow down or speed up to add meaning to the text.
